

XADAGO and PARx are simplifying the Prior Authorization (PA) process for Patients and Prescribers

Simplifying the Prior Authorization process for Patients and Prescribers

PARx Solutions helps prescribers easily navigate the prior authorization process by providing secure web-based support

The PARx **Prior Authorization Support System** ('PASS') is free to prescribers and helps manage the PA process accurately and efficiently. The PASS system incorporates a secure, "easy to use" web portal, with a call center staffed with healthcare professionals and reimbursement specialists supporting all of your PA needs.

Ease of Use

User-friendly, HIPAA compliant portal to initiate and manage PA request with pre-populated fields and "drop-down" menus

Universal PA Forms

Standardized form layout for all products and plans eliminates confusion

Commitment to Quality

100% of PA forms are reviewed to ensure accuracy and completeness

Call Center Support

Staff of healthcare professionals and reimbursement specialists available to provide assistance and interact with plans, saving the physician time

Timely Resolution

Follow up calls are made to plans if no resolution within 72 hours post PA submission

Process Transparency

Prescribers can check the status of PAs in our PASS portal at any time

To get started or for more information, visit www.PARxSolutions.com or call (866) 725-7279

One-time, quick and easy registration

Just visit www.PARxSolutions.com and:

1. Click Register
2. Fill in the guided request information
3. Complete the Business Associate Agreement (BAA) electronically; or print, sign and fax the completed BAA to (866) 725-7063.

Once PARx has received the signed BAA, your account will be activated and you may begin submitting PA requests. Faxed BAAs may take up to 24 hours to process before you can submit PA requests.

To submit a PA request

PRESCRIBER

- Log into your secured account at www.PARxSolutions.com
- Complete the standardized Prior Authorization Request Form
- Review the form for completeness and accuracy
- Click submit to send to PARx for processing

PARx PASS

- Completes a QA review
- Submits the request to the designated health plan
- Manages the request and all follow up throughout the process
- Notifies the practice of the outcome of the PA request, and updates the provider's Status Page

About PARx Solutions

The mission of PARx Solutions is to help patients get the medication that their physician believes is most appropriate for their condition. PARx fulfills this mission by helping prescribers overcome the cumbersome, frustrating and time-consuming challenges resulting from Prior Authorization.
